Enthusiastic and detail-oriented Web Developer with a solid found
CSS, JavaScript, and Responsive Design. Skilled in developing user-
interactive web applications. Passionate about learning new techn
building efficient, scalable solutions.

EXPERIENCE

Mern stack internship

Varcons Technologies

Duration: 4 weeks | Type: Remote

- Collaborated with a remote team to develop user-friendly UI components.

Full stack developer trainee

Besant Technologies, Rajajinagar

Duration: 6 months | Type: On-site

- Trained in front-end and back-end technologies including HTML, CSS, JavaScript, react, Java and SQL

PROJECTS

- Login & Registration Page
  - Developed a responsive login and registration form using HTML5, CSS3, and JavaScript.
  - Implemented form validation for email, password strength & required fields using JavaScript.
  - Designed a clean & user-friendly UI with responsive layouts for mobile & desktop.

- React Expense Tracker App
  - Built a responsive Expense Tracker App using React functional components and hooks (useState) for realtime financial tracking.
  - Implemented dynamic balance calculations with categorized income/expense summaries and interactive transactions history.
  - Designed user-friendly form inputs with state management for adding and deleting transactions efficiently.
